Your Partner for Workplace Health

The goal at Norman Regional's Occupational Medicine is to offer employees prompt and effective medical care saving the employer lost time and money.

We believe the best process is to develop a team where the injured employee, the employer and the medical provider all work together. This will ensure communication and get the injured worker back into the workforce as soon as possible.

Workers' Comp Acute Injury Care

- Eye injuries
- Fractures
- Lacerations
- Sprains/strains
- Other non-life-threatening injuries

Drug Screens

- Federal/DOT
- Forensics 5 and 10 panel
- E-screen computer scanned

A Full Range of Services

Offering services to corporate companies as well as private-pay clients including physicals, drug and breath alcohol testing to assist employers with a drug-free workplace program. Drug and alcohol tests are performed by certified collectors. We also provide other services including:

- DOT physicals
- Pre-employment physicals
- Respirator
- Pharmaceutical
- Hazmat
- EKG
- Hearing tests
- Tetanus shots
- Hepatitis B vaccinations
- Tuberculosis test
- Work screen
- Asbestos exam
- Silica exam

Experienced Professional

Our mission is to deliver the best medical care while assisting you in controlling your Workers' Compensation costs by specific pre/post employment screening, prompt and conservative treatment of injured workers, early return to work by specific compliance with your modified duty programs, and assisting you with a drug-free environment.

Our provider is credentialed and licensed according to national standards. Education classes keep him abreast of the latest developments in the occupational medicine field.

Staff includes one licensed physician assistant; and a team of nurses and staff certified in federal drug and alcohol testing.

Our facility has provided care for Norman and the surrounding areas for more than 20 years.
